The Ocean Voyage.

Sailed June 6th, 9 a. m., on Steamship "Kenyon Luise."

TUESDAY A. M., JUNE 11, 1901.

Dear —: Amid many distractions I commence my first letter written on shipboard. I have conscientiously filled the lines in my diary, which are to recall the few events and many impressions of the voyage. You will be curious to know if we have been ill. On Saturday afternoon I was attacked by nausea, it being a little rough, but a nibble at my camphor gum and an hour or two on our room sofa drew me back from the "ragged edge." The last two or three days C. has felt perfectly well and has enjoyed getting about the boat.

We have the greatest abundance of an immense variety of good things to eat. Bands play morning, noon and night and occasionally besides. People sing, promenade and make acquaintances. Our party—only twelve is very pleasant. The water for days has been as still as a river almost. There has been but one rain and that, one evening and night. Since the first day the weather has not been cold. I have found a Reamer Thermometer and by complicated computations learned that the mercury stood at 64 degrees Fahrenheit this morning at 8 A. M., and at 70 yesterday at the same hour. We are often bare headed and without wraps.

We have seen porpoises, paper nautiluses, two ships and a French steamer. Gulls and petrels have flown about us. There have been interesting sunsets which we have observed. As breakfast is not served till eight I have not noted sunrises.

We have our chairs together in a sheltered position at the stern end of the promenade deck. Bouillon, all varieties of sandwiches, crackers or lemonade and cake are served on deck three times a day. We have what we choose to order for breakfast either in our rooms or at table. All our party go to the table. For lunch at 12 o'clock we have five courses. At dinner we have ten courses and stay about an hour and a half. The service as far as I am able to judge is perfect. There are sixteen at our table.

June 15th.

It is very calm again this morning. Yesterday morning there was more motion to the boat than since we have been on—a heavy swell from a side north wind. Many were sick. I lay on the lounge a few hours well covered and very comfortable. It quieted down and we were all ready for the "Captain's dinner"—an extra effort, quite festive. The great feature was the procession of waiters with illuminated ice cream. The windows were darkened, lights put out. Then the 20 or 30 white gloved, uniformed waiters marched about the rooms. Every other one carried a platter containing a colored ice tower with a candle inside—around the tower were arranged Japanese ladies of ice cream with tiny parasols. The alternate waiters carried a wonderfully constructed tower a foot or more high of macaroon pillars in curves and kinks, with pendant paper ornaments which snapped when pulled and gave every one a fancy cap to put on. Flags of different nations were stuck about the things. Soon everyone was gay with flags, Japanese parasols and paper caps. We ate the cream and macaroons. I have a flag and candy flower for Jessie. Cold yesterday. Shall be glad to get off and hear from home.

St. Louis Letter.

EDITED BY J. W. JAQUITH & CO.

Sister Ursula, formerly Miss Frances Immer of Pilot Knob, is now stationed at the Ursuline College at Arcadia, where in future we understand, she will be a teacher of music.

Mrs. W. H. Thomson will spend the summer months in the East, returning by the way of Buffalo, N. Y. Her charming and beautiful daughter, Miss May, will act as hostess at "Valley Home" during her mother's absence.

Frank Parent, of the Donovan Real Estate Company, has returned, after a months vacation at Old Point Comfort, Va.

Shelk Havsum Gion Flizz, who in ordinary parlance is plain F. W. Fulham, "journalist," when he writes for the I. C. C. letter, and plain newspaper man, when writing for the Star, will visit the Valley as a guest of the President the latter part of this month.

And now comes the rumor that there is to be a third saloon in Pilot Knob—just break the news to Carrie.

Tony Roebry says there is no place like Middlebrook to spend a nice quiet Sunday. Our friend Wm. Trauernicht tells another tale, however.

Dr. C. L. Blanks and wife, Miss Anna Katha, Miss Alma Jaquith and

Mrs. T. R. Countryman, were guests of Mrs. C. Markert, of Farmington, Mo., last Sunday.

Jake says a ten dollar bill looks like thirty cents to him, but still the spread at McTeague's does not materialize.

Mayor Immer, of Pilot Knob, has one of the fastest trotters in Iron Co., and Ed is not a bit selfish when it comes to taking his friends out driving. Dr. Fred Trauernicht writes the Club that he has fully recovered from his long sick spell, and will shortly be with us again. I. C. C.

It Dazzles The World.

No Discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by the Arcadia Valley Drug Co. who guarantee satisfaction or refund money. Large bottles 50c and \$1.00. Trial bottles free.

Brule Items.

We are having, in connection with many localities in the State, a protracted drouth. Every day adds to the scarcity of water and to the certainty that nothing will be raised. No doubt a Good Providence has a wise purpose in withholding the early and latter rains.

Mrs. J. R. Elliott and her three children of Chester, Illinois, and Mr. and Mrs. Bert Fitch of De Soto have returned to their homes after a visit to relatives here.

Mr. W. J. Lee has moved his hub factory from Hendrickson to Brule. He is erecting buildings and placing machinery. The factory will be in operation in about two weeks.

Messrs. Lee Smith, Will Goff and Thos. Wright have returned from taking the Fourth with relatives.

Mr. and Mrs. John Ruddock set things in order and a number of their friends enjoyed a bountiful feast and a good time on the 4th.

Brule is to have a string band in the near future. J.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by Arcadia Valley Drug Co.

STOPS PAIN

Athens, Tenn., Jan. 27, 1901. Ever since the first appearance of my menes they were very irregular and I suffered with great pain in my hips, back, stomach and legs, with terrible bearing down pains in the abdomen. During the past month I have been taking Wine of Cardui and Theodor's Black-Draught, and I passed the monthly period without pain for the first time in years. NANNIE DAVIS.

What is life worth to a woman suffering like Nannie Davis suffered? Yet there are women in thousands of homes to-day who are bearing those terrible menstrual pains in silence. If you are one of these we want to say that this same

WINE OF CARDUI

will bring you permanent relief. Consult yourself with the knowledge that 1,000,000 women have been completely cured by Wine of Cardui. These women suffered from leucorrhoea, irregular menses, headache, backache, and bearing down pains. Wine of Cardui will stop all these aches and pains for you.
